a revelatory look at hartley s new mexico landscapes and the darker side of postwar american modernism considered to be among the greatest early american modernists the painter marsden hartley 1877 1943 traveled the united states and europe in his search for a distinctive american aesthetic his stay in new mexico resulted in an extraordinary series of landscape paintings created in new mexico new york and europe between 1918 and 1924 that show an evolution in style and thinking that is important for understanding both hartley s oeuvre and american modernism in the postwar years marsden hartley and the west examines this pivotal stage of the painter s career drawing upon his writings and providing illustrations of rarely seen and previously unpublished works the author considers hartley s involvement with the stieglitz circle and its soil and spirit philosophy the taos art colony new york dada and the impact of historical events such as world war i within this setting she analyzes the pastels and oil paintings that suggest hartley s increasingly ambivalent response to the land beginning with optimistic naturalistic views the new mexico works grew progressively darker and more tumultuous increasingly reflecting a sense of loss brought on by war the paintings become a site where the landscapes of memory self and nation merge while reflecting broader modernist debates about american ness and a usable past

## **New Publications of the U.S. Geological Survey 1998**

topology for many years has been one of the most exciting and influential fields of research in modern mathematics although its origins may be traced back several hundred years it was poincaré who gave topology wings in a classic series of articles

published around the turn of the century while the earlier history sometimes called the prehistory is also considered this volume is mainly concerned with the more recent history of topology from poincaré onwards as will be seen from the list of contents the articles cover a wide range of topics some are more technical than others but the reader without a great deal of technical knowledge should still find most of the articles accessible some are written by professional historians of mathematics others by historically minded mathematicians who tend to have a different viewpoint

## **Britain for and Against Europe 1998**

this book explores the identity of american indians from an indigenous perspective and how outside influences throughout history from the arrival of columbus in 1492 to the twenty first century have affected native people non native writers boarding school teachers movie directors bureaucrats churches and television have all heavily impacted how indians are viewed in the united states drawing on the life experiences of many american indian men and women this volume reveals how american indian identity comprises multiple identities including the noble savage wild savage hollywood indian church going indian rez indian urban indian native woman indian activist casino indian and tribal leader indigenous people in their own voices share their experiences of discrimination being treated as outsiders in their own country and the intersections of gender culture and politics in indian white relations yet the book also highlights the resilience of being indian and the pride felt from being a member of a tribe s knowing your relatives and feeling connected to the earth being indian and walking proud is a compelling resource for any reader interested in indigenous history including students and scholars in native american and indigenous studies anthropology and american history

## **Recent Reports 1985**

## **Fundamentals of Biomechanics 2003**

in an 1828 letter to his partner nicéphore niépce louis daguerre wrote i am burning with desire to see your experiments from nature in this book geoffrey batchen analyzes the desire to photograph as it emerged within the philosophical and scientific milieus that preceded the actual invention of photography recent accounts of photography s identity tend to divide between the postmodern view that all identity is determined by context and a formalist effort to define the fundamental characteristics of

photography as a medium batthen critiques both approaches by way of a detailed discussion of photography s conception in the late eighteenth and early nineteenth centuries he examines the output of the various nominees for first photographer then incorporates this information into a mode of historical criticism informed by the work of michel foucault and jacques derrida the result is a way of thinking about photography that persuasively accords with the medium s undeniable conceptual political and historical complexity

## ***Birds of Northern South America: An Identification Guide 2020-01-23***

this is the gripping story of a forgotten russia in turmoil when the line between government and organized crime blurred into a chaotic continuum of kleptocracy vengeance and sadism it tells the tale of how in the last days of 1917 a fugitive cossack captain brashly led seven cohorts into a mutinous garrison at manchuli a squalid bordertown on russia s frontier with manchuria the garrison had gone red revolted against its officers and become a dangerous ill disciplined mob nevertheless cossack captain grigori semionov cleverly harangued the garrison into laying down its arms and boarding a train that carried it back into the bolsheviks tenuous territory through such bold action semionov and a handful of young cossack brethren established themselves as the warlords of eastern siberia and russia s pacific maritime provinces during the next bloody year like inland pirates they menaced the trans siberian railroad with fleets of armoured trains cossack cavalry mercenaries and pressgang cannon fodder they undermined admiral kolchak s white armies ruthlessly liquidated all reds terrorized the population sold out to the japanese and antagonized the american expeditionary force and czech legion in a frenzied orchestration of the russian empire s gotterdammerung historians have long recognized that ataman semionov and company were a nasty lot this book details precisely how nasty they were

## **America, History and Life 1998**

based on extensive research this book offers an understanding of the briefing process and its importance to the built environment the text is illustrated by nine excellent examples of effective practice as well as five model briefs and invaluable process charts

## **The Cultures of Native North Americans 2000**

the information herein was accumulated over fifty some odd years the collection process started when tv first came out and continued until today the books are in alphabetical order and cover shows from the 1940s to 2010 the author has added a brief explanation of each show and then listed all the characters who played the roles and for the most part the year or years the actor or actress played that role also included are most of the people who created the shows the producers directors and the writers of the shows these books are a great source of trivia information and for most of the older folk will bring back some very fond memories i know a lot of times we think back and say who was the guy that played such and such a role enjoy

## **The Social Worlds of Higher Education 1999-03-22**

in speaking for the people mark rifkin examines nineteenth century native writings to reframe contemporary debates around indigenous recognition refusal and resurgence rifkin shows how works by native authors william apess elias boudinot sarah winnemucca and zitkala Ša illustrate the intellectual labor involved in representing modes of indigenous political identity and placemaking these writers highlight the complex processes involved in negotiating the character contours and scope of indigenous sovereignties under ongoing colonial occupation rifkin argues that attending to these writers engagements with non native publics helps provide further analytical tools for addressing the complexities of indigenous governance on the ground both then and now thinking about native peoplehood and politics as a matter of form opens possibilities for addressing the difficult work involved in navigating among varied possibilities for conceptualizing and enacting peoplehood in the context of continuing settler intervention as rifkin demonstrates attending to writings by these indigenous intellectuals provides ways of understanding native governance as a matter of deliberation discussion and debate emphasizing the open ended unfinishedness of self determination

## **Drawing from the Modern 2005**
