The Law and Business of International Project Finance 2007-10-22 this 2007 third edition continues to be a comprehensive and authoritative guide to the business practice law and practical use of project finance it covers the complete project finance structure from conception to negotiation to debt closing and from project difficulties to successful restructuring the book continues to be accessible to those with little experience in project finance while maintaining the insight and detail of previous editions that has made it a valuable reference for the experienced lawyer manager banker contractor and government official this edition focuses on a real world practical approach to project finance without the overuse of case studies and economic theory yet the contract forms detailed glossary index and project finance bibliography make it a complete text

The Law and Business of International Project Finance: A Resource for Governments, Sponsors, Lenders, Lawyers, and Project Participants 1998-04-21

capital intensive projects throughout the world including large scale energy infrastructure toll road solid waste and recycling projects rely on project finance as the most important financing technique available but the complexity of project finance requires that the practitioner predict and resolve a number of potential risks involving bankruptcy currency and political issues among others and often in emerging economies drawing on the author's 15 plus years of experience in all types of project finance the law and business of international project finance is the first comprehensive multi discipline book to address these risks and their resolution and to detail each of the elements necessary for a successful project financing mirroring the structure of an actual project finance deal this all in one handbook examines each step of the process from the rationale for the project finance through risk allocation and mitigation to dispute resolution topics discussed include financing sources environmental issues bilateral and multilateral support contract aspects and typical contract terms project contracts as credit support project finance loan documents collateral documents and permits

The Law and Business of International Project Finance

2024-05-06 for years many citizens have complained that our national government is fettered by legions of inefficient unaccountable feather nesting lawyers these critics might be right about the numbers there are nearly 40 000 lawyers employed by the federal government in every branch and at every level but most of these professionals fulfill functions that are essential to or extremely valuable in running the machinery of government in this volume cornell clayton and eight other authorities on public law and legal agencies explore the role that politics play in this federal legal bureaucracy especially within the executive branch they provide insights into the historical development present status future trends and interrelations among the offices of the attorney general solicitor general special prosecutor white house legal counsel office of legal counsel and counsels in regulatory agencies like the epa and the eeoc all the essays highlight a common theme the perpetual tensions and conflicts between executive branch politics and the profession s principled independence readable and enlightening these essays add much to our understanding of and remove some of the tarnish from this elite corps of legal experts they should benefit anyone interested in the legal profession presidential politics administrative law public policy and bureaucratic politics in our nation s capital

Government Lawyers 1995 this thirty second edition of the lawyer s almanac provides vital facts and figures on the courts government law schools lawyers and their work and organizations complete and up to date it is the standard reference guide on the american legal scene and is useful for attorneys law librarians judges law students journalists and anyone who needs quick access to information on the legal profession this 2013 edition includes sections on legal research sites on the internet listings for government agencies as well as the most up to date bar examination statistics and more included in the lawyer s almanac is a complete picture of the workload in the nation s courts the reader can discern which types of cases are being litigated heavily the nature of the current case loads and the manner in which these cases were resolved the lawyer s

almanac reflects the size and density of the legal profession it includes a detailed listing of the nation's 700 largest law firms along with their contact information data on law firm finances and detailed statistical analysis of corporate attorney compensation the 2013 edition of the lawyer's almanac includes the complete text of the mandatory continuing legal education (CLE) requirements for the state jurisdictions that have them along with contact information for each state in addition the 2013 edition includes a complete listing of bankruptcy courts and judges on a state by state basis

The Army Lawyer 2000 principles of international economic law gives a comprehensive overview of the central topics in international economic law with an emphasis on the interplay between the different economic and political interests on both the international and domestic levels the book sets the classic topics of international economic law WTO law investment protection commercial law and monetary law in context with human rights environmental protection good governance and the needs of developing countries it thus provides a concise picture of the current architecture of international economic law topics covered range from codes of conduct for multinational enterprises to the human rights implications of the exploitation of natural resources the book demonstrates the economic foundations and economic implications of legal frameworks it puts into profile the often complex relationship between on the one hand international standards on liberalization and economic rationality and on the other state sovereignty and national preferences it describes the new forms of economic cooperation which have developed in recent decades such as the growing number of transnational companies in the private sector and forms of cooperation between states such as the G8 or G20 providing a perfect introductory text to the field of international economic law the book thoroughly analyses legal developments within their wider political economic or social context

The Lawyer's Almanac 2012-12-01 takes a sophisticated approach to big questions assesses the huge role of government in American life in an illuminating way Frances Fox Piven despite widespread anti government

sentiment in recent decades including complaints that it does too much and that it doesn't do enough the fact remains that government has improved the lives of americans in numerous ways from providing income food education housing and healthcare support to ensuring cleaner air water and food to providing a vast infrastructure upon which economic growth depends in what american government does stan luger and brian waddell offer a practical understanding of the scope and function of american governance they present a historical overview of the development of us governance that is rooted in the theoretical work of charles tilly karl polanyi and michael mann touching on everything from taxes welfare and national and domestic security to the government's regulatory developmental and global responsibilities each chapter covers a main function of american government and explains how it emerged and then evolved over time luger and waddell are careful to identify both the controversies related to what government does and those areas of government that should elicit concern and vigilance analyzing the functions of the us government in terms of both a tug of war and a collaboration between state and societal forces they provide a reading of american political development that dispels the myth of a weak minimal non interventionist state in a major contribution to the scholarly debate on the nature of the american state and the exercise of power in america

Principles of International Economic Law 2013-01-10 contemporary problems of architecture and construction 2020 includes contributions on various complex issues and aspects of engineering and construction of buildings and structures protection reconstruction and restoration of architecture as well as intellectualization of energy and safety systems functioning urban development the contributions were presented at the eponymous conference iccpac 2020 st petersburg russia november 25 26 2020 and cover a wide range of topics urban development problems of urban construction and architecture engineering construction and operation of buildings and structures implementation of building information modeling bim and geo information systems gis technologies in the construction industry energy efficiency of buildings
