world the soviet film industry was different from others because its main criterion of success was not profit but the ideological and aesthetic effect on the viewer another important feature is soviet cinema s multinational eurasian character while russian cinema was the largest other national cinemas such as georgian kazakh and ukrainian played a decisive role for soviet cinema as a whole the historical dictionary of russian and soviet cinema provides a rich tapestry of factual information together with detailed critical assessments of individual artistic accomplishments this second edition of historical dictionary of russian and soviet cinema contains a chronology an introduction and a bibliography the dictionary section has over 600 cross referenced entries on directors performers cinematographers composers designers producers and studios this book is an excellent access point for students researchers and anyone wanting to know more about russian and soviet cinema defines terms dealing with film or television equipment special effects broadcast formats camera shots film theories production staff and the film industry and identifies studios and networks a reference tool with over 1500 film terms words vocabulary phrases jargon language expressions and definitions although relatively small the northern countries of scandinavia have made a disproportionately large contribution to world cinema indeed some of their films are among the best known of all times including the seventh seal dancer in the dark and the girl with the dragon tattoo and scandinavian directors are also among the best known just to mention ingmar bergman and lars von trier but there is much more to the cinema of denmark norway sweden finland and iceland than that and this book shows us what they have been accomplishing over more than a century from the beginnings of cinema until the present the historical dictionary of scandinavian cinema shows just how long and busy this history has been in the chronology starting in 1896 the introduction then describes the situation in each one of the component countries all of which approached and developed the field in a similar but also slightly different manner the dictionary section with over 400 substantial entries looks at the situation in greater detail with over 400 substantial entries on major actors directors and others significant films various genres and themes and subjects such as animation ethnicity migration and censorship given its contribution to world cinema it is good to finally have an encyclopedia like this which can meet the interests of the scholar and researcher but also the movie fan as early as 1909 african americans were utilizing the new medium of cinema to catalogue the world around them using the film camera as a device to capture their lives and their history the daunting subject of race and ethnicity permeated life in america at the turn of the twentieth century and due to the effect of certain early films specific television images and an often biased news media it still plagues us today as new technologies bring the power of the moving image to the masses african americans will shoot and edit on laptop computers and share their stories with a global audience via the world wide these independently produced visions will add to the diverse cache of african american images being displayed on an ever expanding silver screen this wide range of stories topics views and genres will finally give the world a glimpse of african american life that has long been ignored and has yet to be seen this second edition of historical dictionary of african american cinema covers its history through a chronology an introductory essay appendixes and an extensive bibliography the dictionary section has over 1400 cross referenced entries on actors actresses movies producers organizations awards and terminology this book provides a better understanding of the role african americans played in film history this book is an excellent access point for students researchers and anyone wanting to know more about african american cinema british cinema has been around from the very birth of motion pictures from black and white to color from talkies to sound and now 3d it has been making a major contribution to world cinema many of its actors and directors have stayed at home but others ventured abroad like charlie chaplin and alfred hitchcock today it is still going strong the only real competition to hollywood turning out films which appeal not only to brits just think of bridget jones while busily adding to franchises like james bond and harry potter so this historical dictionary of british cinema has a lot of ground to cover this it does with over 300 dictionary entries informing us about
