modern brazil a collection of original essays views the largest country in south america through the multiple lenses of political science economics telecommunications and religion the editors michael l conniff and frank d mccann have provided a frame for this analysis of a complex society by centering on the elites those who run national affairs and the masses those poor and working class people who have little direct influence on them discussing the political elites from regional national and military standpoints are respectively joseph l love and bert j barickman conniff and mccann the economic elites notably businessmen and industrialists are analyzed by steven topik and eli diniz the masses are considered in chapters by eul soo pang thomas holloway and michael hall and marco aurelio garc a sam adamo views the historical situation of blacks and mulattos in brazil in the final section examining connections between the elites and masses robert m levine writes about how the former perceive the povo joseph straubhaas looks at the mass media and fred gillette strum examines religion in brazil the editors have included a general introduction an epilogue focusing on brazil in the late 1980s and a glossary

## **Modern Brazil 1991-01-01**

that the self is performed created through action rather than having a prior existence has been an important methodological intervention in our understanding of human experience it has been particularly significant for studies of gender helping to destabilise models of selfhood where women were usually defined in opposition to a male norm in this multidisciplinary collection scholars apply this approach to a wide array of historical sources from literature to art to letters to museum exhibitions which survive from the medieval to modern periods in doing so they explore the extent that using a model of performativity can open up our understanding of women s lives and sense of self in the past they highlight the way that this method provides a significant critique of power relationships within society that offers greater agency to women as historical actors and offers a challenge to traditional readings of women s place in society an innovative and wide ranging compilation this book provides a template for those wishing to apply performativity to women s lives in historical context this book was originally published as a special issue of women s history review

## **The Future South 1991**

this book is a student reader of the key topics in american economic history

## **Performing the Self 2016-04-14**

napoleon has long suffered from his detractors this book is not a biography but a perspective based on over a decade of my lectures on the subject and an effort to base a historical analysis of the era on sound historical sources and in the proper context in order to redress what i view as the failings of napoleonic historiography the historical analysis

and interpretation of napoleon s role actions and consequences to be flawed and tainted by a popular acceptance of historical interpretations proffered by british and commonwealth scholars that have portrayed him as a reactionary dictator driven by insatiable ambition to heights and then brought low by a coalition of liberating nations this interpretation is at best misleading and the byproduct of british political goals during the napoleonic wars brilliantly articulated and proselytized with wartime propaganda and their aftermath propaganda often outlasts its purposes to become national myth in this case it has retained its hold on popular opinion as a result of intellectual laxity and resistance in challenging existing norms and opinions which affects both the general reader as well as historians now let the debate begin

## **Historical Perspectives on the American Economy 1995-05-26**

this book is an ideal summary and evaluation of the major debates in modern italian history it covers the economic and social developments as well as the political ones in recent years the book s organization makes it easy for students and lay readers alike

## **Napoleon: A Historical Perspective 2014-02-13**

toleranz diskriminierung konfession religion europa

## **Modern Italy in Historical Perspective 2004**

growing up in america offers substantial and dramatic evidence that the history of childhood has come of age its authors demonstrate the breadth and depth of interest as well as high quality of work in a field that is finally attracting the attention it deserves strongly influenced by new social history and its concern for the powerless and inarticulate growing up in america provides illuminating insights on children from infancy to adolescence and from the colonial period to present the very title of this fine and enormously instructive anthology of essays makes its quiet but important point that children grow up in a particular nation rather than in a family or home isolated from the influence of social cultural political and historical forces an admirably diverse and instructive collection georgia historical quarterly

## ***Discrimination and Tolerance in Historical Perspective* 2008**

a rare pleasure rooting gender and consumption in the actions of people making their own history these brilliant essays move from nineteenth century pinups to the formation of gendered modernity once you ve savored this volume you ll never think of modern life in the same way again temma kaplan author of red city blue period

## **Growing Up in America 1985**

this 2001 book traces the history of the social survey in britain and the us with two chapters on germany and france it discusses the aims and interests of those who carried out early surveys and the links between the social survey and the growth of empirical social science

## **The Sex of Things 1996**

anderson's book provides the most accessible approach to compressible flow for mechanical and aerospace engineering students and professionals in keeping with previous versions the 3rd edition uses numerous historical vignettes that show the evolution of the field new pedagogical features roadmaps showing the development of a given topic and design boxes giving examples of design decisions will make the 3rd edition even more practical and user friendly than before the 3rd edition strikes a careful balance between classical methods of determining compressible flow and modern numerical and computer techniques such as cfd now used widely in industry research a new book website will contain all problem solutions for instructors

## **The Social Survey in Historical Perspective, 1880-1940 1991**

history what and why is a highly accessible introductory survey of historians views about the nature and purpose of their subject it offers a historical perspective and clear guide to contemporary debates about the nature and purpose of history and a discussion of the traditional model of history as an account of the past as it was it assesses the challenges to orthodox views and examines the impact of marxism feminism and post colonialism on the study of history this second edition has been updated to reflect the continuing and still increasing debate surrounding these issues in particular it discusses historians fear of postmodernism holocaust denial and the irving lipstadt libel trial the future of the past in the light of the postmodern challenge for anyone teaching learning or studying history this is a must

## ***Modern Compressible Flow, with Historical Perspective 1982***

this book traces the main historical events that have shaped present day management education in a representative sample of european countries and in japan

## **History: what and Why? 2001**

the first book length study to examine turko persian culture as an entity

## **Management Education in Historical Perspective 1998**

this book explores the development of a provincial textile industry in colonial america immediately after the end of the great migration into the massachusetts bay colony settlers found themselves in a textile crisis they were not able to generate the kind of export commodities that would enable them to import english textiles in the quantities they required this study examines the promotion of domestic textile manufacture from the level of the massachusetts legislature down to the way in which individual communities organized individual productive efforts although other historians have examined early cloth production in colonial homes they have tended to dismiss domestic cloth making as a casual activity among family members rather than a concerted community effort at economic development this study looks closely at the networks of production and examines the methods that households and communities organized themselves to meet a very

critical need for cloth of all kinds it is a social history of cloth making that also employs the economic and political elements of massachusetts bay to tell their story

## **Islam in Historical Perspective 2009**

through an analysis both broad and deep of primary and secondary sources ethnography iconography and current performance practice this enquiry undertakes a critical approach to the history of kathak dance and presents new data about hereditary performing artists gendered contexts and practices and postcolonial cultural reclamation the account that emerges places kathak and the kathaks firmly into the living context of north indian performing arts

## **Turko-Persia in Historical Perspective 2002-04-30**

this volume traces the history of antisemitism from antiquity through contemporary manifestations of the discrimination of jews it documents the religious sociological political and economic contexts in which antisemitism thrived and thrives and shows how such circumstances served as support and reinforcement for a curtailment of the jews social status the volume sheds light on historical processes of discrimination and identifies them as a key factor in the contemporary and future fight against antisemitism

## **The Philosophy of Law in Historical Perspective 1969**

traces the evolution of u s panama relations

## **US Textile Production in Historical Perspective 2007-11-21**

corporate networks the links between companies and their leaders reflect a country s economic organization and its corporate governance system most research on corporate networks focuses on individual countries or particular time periods however making fruitful comparisons over longer periods of time difficult this book provides a unique long term analysis of the rise consolidation decline and occasional re emergence of these networks in fourteen countries across north and south america europe and asia in the 20th and early 21st centuries in this volume the editors bring together the most internationally well known specialists to investigate the long term development of corporate networks using a combination of quantitative and qualitative research approaches the authors describe the main developments and changes in the corporate network over time by focusing on important network indicators in benchmark years and identify historical explanations for these developments this unique long term perspective allows readers insight into how and why national corporate networks have evolved over time

## **India's Kathak Dance in Historical Perspective 2014-09-28**

vol 11 12 published dordrecht boston m nijhoff

## **Animals and Man in Historical Perspective 1974**

this introduction to the social political and intellectual history of china offers new perspectives as it analyzes two crucial and interrelated questions schrecker proposes new approaches for conceptualizing and evaluating china s modern revolution and the long and often misunderstood chinese past clarifying a topic made more complex because the west and western ideas have played crucial roles in the revolutionary process the volume presents a concise history of china reinterprets the revolution and its relationship to the past and provides valuable insights into the problems of contemporary china it is of importance for the general reader and should be useful as a text in courses in chinese comparative and world history

## **Comprehending Antisemitism through the Ages: A Historical Perspective 2021-08-23**

this book advances current theoretical understandings of punishment and control in society providing a critical analysis of institutions punishment and the law

## **Perspectives and Patterns 2012-05-01**

stone draws on the latest scholarship on diplomatic political social economic and cultural history of eighteenth century and revolutionary france to attribute the outbreak of the french revolution and later developments to pressures of international and domestic politics on those national leaders attempting to govern france and to modernize its institutions

## ***Merchant Credit and Labour Strategies in Historical Perspective 1990***

maris vinovskis critically reviews and integrates recent work in educational history and provides new research on neglected topics he discusses such issues as the gradual shift from the family to the public schools in the responsibility for educating the young the rise and fall of infant schools between 1840 and 1860 the crisis in the teaching of morality in the public schools of the mid nineteenth century early efforts to provide schooling for impoverished children and the evolution of the belief that education improves individual economic and social mobility he also studies school attendance and discovers that a much higher percentage of children may have attended public high schools in the nineteenth century than has been assumed investigates when the practice of placing children in grades according to their age became widespread and assesses whether different age groups in previous eras varied in their support for schooling as they seem to be doing now
