Developing & Managing Your School Guidance and Counseling Program 2006 this handbook has been prepared with the knowledge that guidance and counseling services are indispensable in any institution of learning they become increasingly important in the context of students intending to be professional teachers who will handle learners faced with multiple adjustment challenges in tertiary institutions and secondary schools institutions of learning prepare learners for areas such as overall growth academic and personal social problems and challenges related to holistic development in assisting the students to identify and recognize their specific areas of excellence and to enable them match these with their chosen careers students should be equipped with knowledge and skills that prepare them for the world of work providing students with relevant information and bridging the gap between them and the job market this book will provide invaluable information on life skills to enable them to cope with the changing world of diverse culture the modern school is plagued with myriad problems requiring teachers to be well versed with the current trends in education changing culture and professional expertise is required to address common institutional challenges including drug abuse adolescence related ills rape hiv aids poor academic performance truancy bullying depression peer pressure among others all these require regular and urgent attention from the school counselors it is hoped that lecturers tutors and students will find the book useful the areas covered in the handbook are tailored to assist student teachers preparing to handle students in tertiary colleges secondary and primary schools

Guidance and Counselling in Schools 1971 project report from the year 2017 in the subject sociology work education organisation masinde muliro university of science and technology language english abstract the study sought to establish the role of school administration in promoting effective guidance and counseling services in secondary schools in bungoma west sub county the specific objective of the study was to find out how the school administration promotes effective guidance and counseling services that addresses the needs of all students including special needs learners the study was carried out in 8 secondary schools and the education office in bungoma west sub county the research design used was descriptive survey design purposive sampling stratified sampling and simple random sampling techniques were used to select the study sample the target population included school principals teacher counselors education officers and students the sample size consisted of eight principals eight teacher counselors five education officers and three hundred and fourteen students the study area was bungoma west sub county questionnaires interview schedules and observation checklist were blended together to capture exhaustive data quantitative data

collected was sorted classified and analyzed using descriptive statistical techniques qualitative data was recorded in verbatim transcribed and organized into themes and sub themes the study revealed that the school administration has a direct influence in promotion of guidance and counseling services in schools through appointment of heads of department to co ordinate counseling activities as well as the counseling committee provision of basic counseling facilities advocacy and publicity of the services and monitoring and evaluation however it was also revealed that in many schools the administration accords low priority to guidance and counseling services since many schools lacked basic facilities for guidance and counseling like offices and reference materials teachers in charge of guidance and counseling are overloaded with their teaching subjects and emphasis is put on attainment of good mean grades it is recommended that there is urgent need for the school administration to prioritize counseling services of all categories of learners as they go hand in hand with holistic development of the learners the ministry of education should put disciplinary measures against school administrators who do not implement viable and sustainable guidance and counseling services that cater for all learners in secondary schools
