xlamp xt e high efficacy white leds cree led digikey Dec 20 2023

a high efficacy option is now available the high efficacy xt e leds leverage key elements with cree led s sc5 technology platform to deliver a 25 boost in efficacy compared to the previous xt e leds the high efficacy xt e leds provide a guaranteed minimum efficacy of 164 lpw at 85 c 350 ma

xlamp xt e leds Nov 19 2023

xlamp xt e leds xt e white xt e royal blue led pictures and labels underneath are in a table product description optimized for directional high lumen applications

xlamp xt e white leds cree led mouser Oct 18 2023

designed to accelerate led lighting adoption the xt e led delivers up to 162 lumens and 162 lumens per watt in cool white 6000k or up to 125 lumens and 125 lumens per watt in warm white 3000k both at 350ma 85°c

cree xlamp xt e high voltage white leds data sheet digi key Sep 17 2023

the cree xlamp xt e high voltage white hvw led provides the lighting class performance and reliability of cree xlamp leds in a small form high voltage configuration

cree xlamp xt e hvw leds mouser electronics Aug 16 2023

features binned at 85 c available in 12 v 24 v and 48 v configurations cree standard mechanical footprint of 3 45 x 3 45 mm with electrically neutral thermal path unlimited floor life at 30 oc 85 rh reflow solderable available in standard cri and 80 minimum cri configurations ul recognized component e349212

cree xlamp xt e leds Jul 15 2023

xlamp xt e led is cree s highest performing silicon carbide based led technology delivered in cree s industry standard xp xt packaging xt e white sets the new standard for high performance and dramatically lowers system cost xt e royal blue is cree s highest performing source of royal blue light for remote phosphor applications

xlamp xt e leds mouser electronics Jun 14 2023

indoor and outdoor to portable and lamp retrofits the xlamp xt e led delivers high performance and high reliability in the industry standard xp xt footprint the xt e led offers the benefits of the xt xp platform compact and proven 3 45 mm x 3 45 mm package and established ecosystem enabling lighting

cree launches new high performance xlamp xt e royal blue led May 13 2023

the new xlamp xt e led delivers the industry s tightest wavelength bins combined with category leading brightness to simplify remote phosphor designs and lower system costs in addition cree announces a remote phosphor component patent licensing program that provides access to cree s pioneering remote phosphor patents

cree xlamp xt e 5000k cool white 3 up triple led star pack 2 Apr 12 2023

details arrives before christmas select delivery location in stock qty 1 ships from ledsupply sold by ledsupply returns returnable until jan 31 2024 see more cree xlamp xt e 5000k cool white 3 up triple led star pack 2 brand xlamp 3 7 2 ratings 1159 cree silicon carbide sc3 chip color cool white 5000k

cree xlamp xt e color 5000k cool white led light star pack 2 Mar 11 2023

product description the cree xlamp xt e star led is cree s highest performing silicon carbide based led technology delivered in crees industry standard xp xt packaging xt e white sets the new standard for high performance and dramatically lowers system cost xt e royal blue is crees highest performing source of royal blue light for remote

cree xlamp leds xpl cxa xte xpe2 xpg2 xml2 leds Feb 10 2023

cree mc e xlamp emitter led re flowed on a hexagonal star mcpcb available in cool white neutral white and warm white color temperatures part creemce xxxx 25 37 23 06 cree xlamp xhp35 high density led star

cree led recognized with four 2024 brightstar awards from *Jan 09 2023*

xlamp xp g4 white leds j series 2835 pro9 leds j series 5050c e class leds specialty ssl system technology category cv94a fgc clmwb fkc and uhd111a fka high brightness leds highlights and distinguishing features of the four cree led products being recognized include

xlamp xt e royal blue leds cree led mouser *Dec 08 2022*

cree led xlamp xt e royal blue leds are a high performing source of royal blue light for remote phosphor applications compared to the standard xlamp xp e royal blue the xt e royal blue is up to 20 more efficient cree led xlamp xt e royal blue leds are designed to enable faster adoption of led light in high efficacy lighting products

cree xlamp xt e leds farnell *Nov 07 2022*

indoor and outdoor to portable and lamp retrofits the xlamp xt e led delivers high performance and high reliability in the industry standard xp xt footprint the xt e led offers the benefits of the xt xp platform compact and proven 3 45 mm x 3 45 mm package and established ecosystem enabling lighting
