India Migration Report 2024 S Irudaya Rajan,2024-08-20 India Migration Report 2024: Indians in Canada is one of the first volumes to comprehensively examine and analyse the different facets of Indian migration to Canada. This volume: • Examines the comprehensive history of Indian migration to Canada, including the story of social, cultural, economic, and political integration, analysis of socio-economic characteristics, and evolving political scenarios surrounding student migration and diasporas. • Presents an overview of migration and post-migration experiences of Indian immigrant and Indo-Canadian women and the rising trend of high-skilled Indian female migration to Canada. • Discusses the influence of Canadian immigration policy and its effects on the changing immigration patterns of Indians to Canada. • Examines the challenges faced by Indian immigrants and Indo-Canadians due to deeply entrenched Eurocentric and Ethnocentric biases and the impact of COVID-19 on the community. • Explores the effect of adult children’s migration on the health and suffering from disability of elderly left behind in the migration process. The book also discusses leveraging migration for international development. The book will be of interest to scholars, students, researchers, or anyone interested in migration and diasporic studies, development studies, the politics of migration, immigration policy, social anthropology, economics, and sociology.

The Frontier of Education Reform and Development in China Dandan Guo,2023-01-02 This book covers education theory and philosophy, basic education, education economy, management and other fields, focusing on the hot and frontier issues of Education reform and development in China 2020. It addresses the current issues and status of Chinese education, and pays a close attention on it. Educational researchers in the college and university, educational policymakers and frontline teaching staff would be interested in it. By focusing on the current hot issues and frontier education issues, we want to explore the deep theoretical basis behind the phenomenon, so as to establish in the reader's mind the connections between theory and practice, China and world.

America, But Better Chris Cannon,Brian Calvert,2012-07-01 As the American election increasingly resembles a production of CATS performed by actual cats, U.S. citizens are looking for a new leader. That leader is Canada, and they want your vote for president of the United States. Since launching their viral video campaign in January, the Canada Party has been covered around the world, including CNN, BBC, the Huffington Post, and German State Television. America, but Better: the Canada Party Manifesto, balances the doctrine of American exceptionalism with a dose of Canadian humility and common sense to secure Canada as the new leader of the free world, by proxy. Their promises: One gay couple will be allowed to marry for every straight couple that gets divorced. The phrase job creators will be changed to job creationists, and they will be given seven days to actually create some. Corporations will still be people, but if they can't provide a birth certificate they will be legally obligated to care for your lawn. Corners will be installed in the Oval Office, and timeouts given to congressmen who can't play nice. Devoted to restoring America to its former glory, the Canada Party will soon have the whole world chanting, Yes We Canada.
