Bear Robert Greenfield,2016-11-15 The creator of the dancing bear logo and designer of the Wall of Sound for the Grateful Dead, Augustus Owsley Stanley III, better known by his nickname, Bear, was one of the most iconic figures in the cultural revolution that changed both America and the world during the 1960s. Owsley's high octane rocket fuel enabled Ken Kesey and his Merry Pranksters to put on the Acid Tests. It also powered much of what happened on stage at Monterey Pop. Owsley turned on Pete Townshend of The Who and Jimi Hendrix. The shipment of LSD that Owsley sent John Lennon resulted in The Beatles' Magical Mystery Tour album and film. Convinced that the Grateful Dead were destined to become the world's greatest rock 'n' roll band, Owsley provided the money that kept them going during their early days. As their longtime soundman, he then faithfully recorded many of the Dead's greatest live performances and designed the massive space age system that came to be known as the Wall of Sound. Award-winning author and biographer Robert Greenfield's definitive biography of this Grateful Dead legend masterfully takes us through Owsley's incredible life and times to bring us a full picture of this fascinating man for the first time.

All the practices are effective yet also easy to follow, even if you have never tried them before, and range from energy techniques such as simple shiatsu, to quick stress fixes such as visualizing a blue bubble, to methods of life simplification such as avoiding a news overload and rationing your evenings out, to inspiring visualizations such as imagining yourself as the sky or as a lotus floating on water. This is one of the first two publications in a new 365 series from Watkins, showcasing easy, accessible and effective approaches to dealing with our demanding modern lives. Readers are free to work through the book in any order they like, either using the chapter headings to deal with aspects that they feel need

particular attention (for example, home, work, relationships, mind and spirit, or stress and emotions), flicking through at random or selecting ideas in chronological order. There is no need to subscribe to any particular belief, lifestyle or long-term practice; this is simply a collection of brilliantly effective ideas that together have the potential to transform lives.
