contents about research and education association independent study schedule chapter 1 about the sat ii math level iic subject test about this book about the test how to use this book format of the sat ii math level iic scoring the sat ii math level iic studying for the sat ii math level iic test taking tips chapter 2 course review algebra solid geometry coordinate geometry trigonometry elementary functions miscellaneous topics six practice exams practice test 1 answer key detailed explanations of answers practice test 2 answer key detailed explanations of answers practice test 3 answer key detailed explanations of answers practice test 4 answer key detailed explanations of answers practice test 5 answer key detailed explanations of answers practice test 6 answer key detailed explanations of answers excerpt about research education association research education association reas is an organization of educators scientists and engineers specializing in various academic fields founded in 1959 with the purpose of disseminating the most recently developed scientific information to groups in industry government high schools and universities reas has since become a successful and highly respected publisher of study aids test preps handbooks and reference works reas test preparation series includes study guides for all academic levels in almost all disciplines research education association publishes test preps for students who have not yet completed high school as well as high school students preparing to enter college students from countries around the world seeking to attend college in the united states will find the assistance they need in reas publications for college students seeking advanced degrees reas publishes test preps for many major graduate school admission examinations in a wide variety of disciplines including engineering law and medicine students at every level in every field with every ambition can find what they are looking for among reas publications while most test preparation books present practice tests that bear little resemblance to the actual exams reas series presents tests that accurately depict the official exams in both degree of difficulty and types of questions reas practice tests are always based upon the most recently administered exams and include every type of question that can be expected on the actual exams reas publications and educational materials are highly regarded and continually receive an unprecedented amount of praise from professionals instructors librarians parents and students our authors are as diverse as the fields represented in the books we publish they are well known in their respective disciplines and serve on the faculties of prestigious high schools colleges and universities throughout the united states and canada chapter 1 about the sat ii math level iic subject test about this book this book provides you with an accurate and complete representation of the sat ii math level iic subject test inside you will find a complete course review designed to provide you with the information and strategies needed to do well on the exam as well as six practice tests based on the actual exam the practice tests contain every type of question that you can expect to appear on the sat ii math level iic subject test following each test you will find an answer key with detailed explanations designed to help you master the test material about the test who takes the test and what is it used for planning to go to college then you should take the sat ii math level iic subject test in either of these cases 1 any of the colleges to which you are applying require the test for admission or 2 you wish to demonstrate proficiency in mathematics the sat ii math level iic exam is designed for students who have taken more than three years of college preparatory mathematics two years of algebra and one year of geometry who administers the test the sat ii math level iic subject test is developed by the college board and administered by educational testing service ets the test development process involves the assistance of educators throughout the country and is designed and implemented to ensure that the content and difficulty level of the test are appropriate when should the sat ii math level iic be taken if you are applying to a college that requires subject test scores as part of the admissions process you should take the sat ii math level iic subject test by november or january of your senior year if your scores are being used only for placement purposes you may be able to take the test in the spring for more information be sure to contact the colleges to which you are applying when and where is the test given the sat ii math level iic subject test is offered six times a year at many locations mostly high schools throughout the country the test is given in october november december january may and june to receive information on upcoming administrations of the exam consult the publication taking the sat ii subject tests which may be obtained from your guidance counselor or by contacting college board sat program p o box 6200 princeton nj 08541 6200 phone 609 771 7600 website collegeboard com is there a registration fee you must pay a registration fee to take the sat ii math level iic consult the publication taking the sat ii subject tests for information on the fee structure financial assistance may be granted in certain situations

to find out if you qualify and to register for assistance contact your academic advisor what kind of calculator can i use if at all possible bring a graphing calculator on test day the test assumes that most students use a graphing calculator and having one at your side may give you an edge consult official ets and college board publications including collegeboard.com for more specifics no pocket organizers hand held minicomputers paper tape or noisy calculators may be used in addition no calculator requiring an external power source will be allowed and calculators may not be shared you must bring your own thoroughly acquaint yourself with the operation of your calculator your performance could suffer if say you spend too much time searching for the correct function or fail to keep in mind that the test's answer choices are rounded or forget to switch to the correct calculating mode how to use this book what do i study first remember that the sat ii math level iic subject test is designed to test knowledge that has been acquired throughout your education the key to solid preparation is to thoroughly review the subject matter refresh yourself by studying our review material and taking the sample tests provided in this book our practice tests will expose you to the types of questions directions and format that are characteristic of the sat ii math level iic subject test to begin your studies go over our course review and suggestions for test taking then take practice test 1 using it as a diagnostic to reveal your areas of weakness now you'll want to restudy the review material focusing on your specific problem areas the course review includes the information you need to know for the exam take the remaining practice tests to further test yourself on the material and build your confidence by fully acquainting yourself with the test format when should i start studying it is never too early to start studying for the sat ii math level iic test the earlier you begin the more time you will have to sharpen your skills do not procrastinate cramming is not an effective way to study since it does not allow you the time needed to learn the test material the sooner you learn the format of the exam the more comfortable you will be when you take the exam format of the sat ii math level iic the sat ii math level iic is a one hour exam consisting of 50 multiple choice questions each question has five possible answer choices lettered a through e what's on the test here's the approximate distribution of topics covered on the exam topic percentage of test number of questions algebra 18.9 questions geometry 20.10 questions three dimensional geometry 8.4 questions coordinate geometry 12.6 questions trigonometry 20.10 questions functions 24.12 questions statistics probability 6.3 questions miscellaneous 12.6 questions includes logic and proof elementary number theory sequences and limits questions on the test are also grouped according to whether or not you need to use your calculator category definition approximate percentage of questions studying for the sat ii math level iic it is very important to choose the time and place for studying that works best for you some students may set aside a certain number of hours every morning to study while others may choose to study at night before going to sleep other students may study during the day while waiting on line or even while eating lunch only you can determine when and where your study time will be most effective be consistent and use your time wisely work out a study routine and stick to it when you take the practice tests try to make your testing conditions as much like the actual test as possible turn your television and radio off and sit down at a quiet desk or table free from distraction make sure to clock yourself with a timer as you complete each practice test score it and thoroughly review the explanations to the questions you answered incorrectly however do not review too much at any one time concentrate on one problem area at a time by reviewing the questions and explanations and by studying our review until you are confident you completely understand the material keep track of your scores by doing so you will be able to gauge your progress and discover general weaknesses in particular sections you should carefully study the reviews that cover your areas of difficulty as this will build your skills in those areas test taking tips although you may be unfamiliar with standardized tests such as the sat ii math level iic subject test there are many ways to acquaint yourself with this type of examination and help alleviate your test taking anxieties become comfortable with the format of the exam when you are practicing to take the sat ii math level iic subject test simulate the conditions under which you will be taking the actual test stay calm and pace yourself after simulating the test only a couple of times you will boost your chances of doing well and you will be able to sit down for the actual exam with much more confidence know the directions and format for each section of the test familiarizing yourself with the directions and format of the exam will not only save you time but will also ensure that you are familiar enough with the sat ii math level iic subject test to avoid nervousness and the mistakes caused by being nervous do your scratchwork in the margins of the test booklet you will not be given scrap paper during the exam and you may not perform scratchwork on your answer sheet space is provided in your test booklet to do any necessary work or draw diagrams if you are unsure of an answer guess however if you do guess guess wisely use the process of elimination by going through each answer to a question and ruling out as many of the answer choices as possible by eliminating three answer choices you give yourself a 50/50 chance of answering correctly since there will only be two choices left from which to make your guess mark your answers in the appropriate spaces on the answer sheet each numbered row will contain five ovals corresponding to each answer choice for that question fill in the oval that corresponds to your answer darkly completely and neatly you can change your answer but remember to completely erase your old answer any stray lines or unnecessary marks may cause the machine to score your answer incorrectly when you have finished working on a section you may want to go back and check to make sure your answers correspond to the correct questions marking one answer in the wrong space will throw off the rest of your test whether it is graded by machine or by hand you don't have to answer every question you are not penalized if you do not answer every question the only penalty results from answering a question incorrectly try to use the guessing strategy but if you are truly stumped by a question remember that you do not have to answer it

work quickly and steadily you have a limited amount of time to work on each section so you need to work quickly and steadily avoid focusing on one problem for too long before the test make sure you know where your test center is well in advance of your test day so you do not get lost on the day of the test on the night before the test gather together the materials you will need the next day your admission ticket two forms of identification e g driver s license student identification card or current alien registration card two no 2 pencils with erasers directions to the test center a watch if you wish but not one that makes noise as it may disturb other test takers on the day of the test you should wake up early after a good night s rest and have breakfast dress comfortably so that you are not distracted by being too hot or too cold while taking the test also plan to arrive at the test center early this will allow you to collect your thoughts and relax before the test and will also spare you the stress of being late if you arrive after the test begins you will not be admitted to the test center and you will not receive a refund during the test when you arrive at the test center try to find a seat where you feel most comfortable follow all the rules and instructions given by the test supervisor if you do not you risk being dismissed from the test and having your scores canceled once all the test materials are passed out the test instructor will give you directions for filling out your answer sheet fill this sheet out carefully since this information will appear on your score report after the test when you have completed the sat ii math level iic subject test you may hand in your test materials and leave then go home and relax when will i receive my score report and what will it look like you should receive your score report about five weeks after you take the test this report will include your scores percentile ranks and interpretive information
