in the summer of 1922 ezra pound viewed the church of san francesco in rimini italy for the first time commonly known as the tempio malatestiano the edifice captured his imagination for the rest of his life lawrence s rainey here recounts an obsession that links together the whole of pound s poetic career and thought written by pound in the months following his first visit the four poems grouped as the malatesta cantos celebrate the church and the man who sponsored its construction sigismondo malatesta upon receiving news of the building s devastation by allied bombings in 1944 pound wrote two more cantos that invoked the event as a rallying point for the revival of fascist italy these forbidden cantos were excluded from collected editions of his works until 1987 pound even announced an abortive plan in 1958 to build a temple inspired by the church and in 1963 at the age of eighty he returned to rimini to visit the tempio malatestiano one last haunting time drawing from hundreds of

unpublished materials rainey explores the intellectual heritage that surrounded the church pound's relation to it and the interpretation of his work by modern critics the malatesta cantos which have been called one of the decisive turning points in modern poetics and the most dramatic moment in the cantos here engender an intricate allegory of pound's entire career the central impulses of literary modernism the growth of intellectual fascism and the failure of critical culture in the twentieth century included are two color illustrations from the 1925 edition of pound's cantos and numerous black and white photographs

the commentaries on jeremiah like those on the minor prophets were delivered as lectures in the theological school at geneva taken down by some of the pupils and afterwards read to calvin and corrected we find in them the production of the same vigorous and expansive mind the divine oracles are faithfully explained the meaning is clearly stated and such brief deductions are made as the subjects legitimately warrant though the lectures were extemporaneously delivered there is yet so much order preserved and such brevity clearness and suitableness of diction are found in them that in these respects they nearly equal the most finished compositions of calvin as proof that he possessed a mind of no common order the ministry of jeremiah extended over a large space of time from the thirteenth year of josiah s reign till after the final overthrow of the

nation but for how long after that period it is not known between the thirteenth year of josiah and the destruction of the city and temple there were about forty years this was a remarkable period and jeremiah nearly alone labored among the people their sins had been for the most part the same for a long time for nearly two centuries as it appears from the testimonies of his predecessors amos hosea isaiah joel micah nahum and zephaniah for these seven had in this order preceded him zephaniah and habakkuk were probably for a time his contemporaries the first at the commencement and the other near the end of his ministry
