Social Science Research in India and the World 2015 translational research is the means by which the knowledge gained through basic scientific research can be implemented specifically for achieving a better quality of life it seeks to provide a pathway for ideas to quickly reach the implementation stage it has now been extended to social sciences such as applied psychology where focused it is underway in several areas such as happiness mental health and well being promoting positive cultural practices and intervention programmes translational research and applied psychology in india focuses on research translated into real world awareness programmes in various settings corporate workplaces educational religious and social institutions and rural areas and even web based interventions that are facilitating improvement in people's daily lives this comprehensive overview of theoretical frameworks and programmes will help further functional knowledge and identify barriers between theory practice and policy besides bridging those barriers the book is of critical importance due to the ever increasing socio economic differences and other related disparities that lead to ever widening gaps in healthcare access and other such public concerns

Progress of Greater Indian Research, 1917-42, Etc 1943 this book explores the quality of life among badagas an ethnic minority group in south india as they navigate a society in flux with specific reference to rural to urban migration and new media at an empirical level it reveals how badagas understand themselves and

the multifaceted changes in their culture and daily lives exploring a pertinent concern at the forefront of debate about the future from a global perspective the book draws attention to the fact that people are adopting flexible identities and lifestyles in an attempt to survive and thrive in a changing india and world a new indian ness shaped at the local level it offers a timely update on previous research on badagas which dates to the 1990s and also serves as an important case study on people s experiences of the social and economic transformation of indian society as they become accustomed to new ideas products and ways of life as such it is a must read for all those interested in quality of life in india and developing societies

Ancient India 2010 narendra modi s energetic personal diplomacy and promise to make india a leading power surprised many analysts most had predicted that his government would concentrate on domestic issues on the growth and development demanded by indian voters and that he lacked necessary experience in international relations instead modi s first term saw a concerted attempt to reinvent indian foreign policy by replacing inherited understandings of its place in the world with one drawn largely from hindu nationalist ideology following modi s re election in 2019 this book explores the drivers of this reinvention arguing it arose from a combination of elite conviction and electoral calculation and the impact it has had on india s international relations

Psychology for India 2015-09-29 the book entitled glossary of indian crops has

been written according to the english alphabetical order of crops and crop words i e same crop having different names for obtaining total number the total number is 1164 the crops have been given here in english generic names with serial numbers the names of the crops species and their common names have been written with bold letters whereas the scientific names and the family names have been italicized all the crops have been described in short mentioning the scientific names common names family names types natures growing period and also the conditions utilization npk fertilizer requirements if any soil types irrigation schedules crop speciality by product utilization economic yields and other important points through a loose format in the same crop the different species under same genus have been mentioned with three small italicized letters at the end of the crop whereas same crop with different genus and species have been given with three italicized letters each of both genus and species with a slash in between the english alphabetical order of crops and crop words have been maintained chronologically within alphabets as far as possible every man concerning agriculture needs this book for his knowledge in crops throughout his entire life

Unpublished Research on India, Pakistan, Nepal, Afghanistan, Iran, and Iraq, Completed and in Progress 2019-08-21 this work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it this work is in the public domain in the united states of america and

possibly other nations within the united states you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public we appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant

Researching Geography 2002 this scarce antiquarian book is a facsimile reprint of the original due to its age it may contain imperfections such as marks notations marginalia and flawed pages because we believe this work is culturally important we have made it available as part of our commitment for protecting preserving and promoting the world s literature in affordable high quality modern editions that are true to the original work

Reports of the Committee and of the Director, Indian Lac Research Institute 2021 this book is a detailed overview of the institutional and historical trajectory of indian federalism including both territorial and non territorial aspects of indian federalism an extensive analysis has been made of the various federal policy measures adopted by different rulers from time to time particularly with an emphasis on federalism under the british colonial rule and the role of princely states in indian federalism it has made a critical analysis of the constituent assembly debates on federalism and the role of political leaders in shaping of indian federalism further a

critical analysis has been made about the changing nature and dynamics of indian federalism in the post independent india including the contemporary debates on various aspects of indian federalism the book is an important compendium for those wishing to have first hand information on indian federalism and may be very useful for scholars interested in center state relations it can be an important guide for researchers in identifying various research questions for further study on indian federalism most importantly it can be a very useful course book for students or professionals for whom the existing shorter introductions to the subject may not suffice any undergraduate student who needs to undertake an advance level study on indian politics and government or indian federalism will find the book very useful international readers of comparative politics will also find the book useful additionally the book may be useful for those who are interested in indian administrative services ias and for the politicians as well

Building Research Universities in India 2003 first published in 2007 this book focuses on the security of sea lanes of communication it was a joint publication between the maritime institute of malaysia mima and the indian ocean research group iorg and is an important book for three particular reasons first it takes a step forward in identifying key policy themes that can be applied to interstate cooperation around the indian ocean region ior second the particular theme discussed is not only central to the economic well being of indian ocean countries

but also to many of the world's most important trading states and finally the various discussions within the book raise a host of issues to which regional as well as non regional policy makers should give serious consideration

Scientific Research in Indian Universities 2020-03-19 this is part 2 of india on sale series and clearly depicts how world is being recolonized specially india

The Bloomsbury Research Handbook of Indian Philosophy of Language

2001 indian research in english studies has a long and rich tradition but unfortunately it has failed to make any notable impact on the academic world this is largely due to the fact that most of the indian doctoral dissertations in english studies lie buried in university libraries and are inaccessible to aspiring researchers no attempt has been made so far to establish any link or co ordination between research activities of different universities institutes this has resulted in a total neglect of earlier research and unnecessary duplication the present volume is designed to end this unhappy situation by providing a complete and authentic account of research carried out in indian universities not only in british american commonwealth and indian english literature but also in comparative studies translation studies language linguistics and elt entries on the above mentioned are arranged subject wise in chronological sequence and are followed by a separate section on individual authors in alphabetical order thus it provides a consolidated view of indian research in english and serves as an invaluable reference manual it is

a step towards orientation and systematisation of indian research in english studies and will help to make research a well informed well planned and meaningful exercise

Research Methodology In History 2021-09-09 until the 1970s gender had been invisible in analyses of social space and place in the androcentric discipline of geography while recent contributions to feminist geography have challenged this in india the engagement of geographers with gender by being conservative in its choice of focus and orthodox in methodology has been unable to destabilise the established disciplinary order however with younger scholars becoming increasingly interested in studying gender in geography novel and innovative methods that include combinations of quantitative and qualitative analyses visual sources and in depth case studies are being tried out and accepted in geography despite its masculine legacy this pioneering study brings together indian geographers contributions to understanding gender and through them seeks to enrich the discipline of geography it engages with the recent spatial turn in the social sciences which has reclaimed the explanatory power of space and place in social theory that had been nearly lost to deconstructive postmodernist scholarship the volume draws entirely from the indian scholarship showcasing contextualised knowledge production but hopes to initiate a a dialogue with scholars elsewhere working with feminist methodologies
