Nightmare Illustrated: Issue 1 2016-12-28

the idea was simple gather a group of some of the best writers in the apocalyptic genre give them parameters for a story and let them go that's how Middletown Apocalypse came into being the first book was an experiment me wanting to show the world how individual writer voices can take on a single story and make it unique and it worked exactly how i'd expected mu ha ha the reading public was surprised how well it worked i was not why because there is some seriously good talent in the genre talent that could pull off what most would have normally considered an impossible feat and here we are again this time around we have some new writers a new setting a new premise building slightly from the first but the same idea a collection of talent setting out to illustrate not only the power of story but the power of the writer's voice i hope you enjoy the second edition of Middletown Apocalypse
