a riveting panoramic look at homegrown islamist terrorism from 9 11 to the present since 9 11 more than three hundred americans born and raised in minnesota alabama new jersey and elsewhere have been indicted or convicted of terrorism charges some have taken the fight abroad an american was among those who planned the attacks in mumbai and more than eighty u s citizens have been charged with isis related crimes others have acted on american soil as with the attacks at fort hood the boston marathon and in san bernardino what motivates them how are they trained and what do we sacrifice in our efforts to track them paced like a detective story united states of jihad tells the entwined stories of the key actors on the american front among the perpetrators are anwar al awlaki the new mexico born radical cleric who became the first american citizen killed by a cia drone and who mentored the charlie hebdo shooters samir khan whose inspire webzine has rallied terrorists around the world including the tsarnaev brothers and omar hammami an alabama native and hip hop fan who became a fixture in al shabaab s propaganda videos until fatally displeasing his superiors drawing on his extensive network of intelligence contacts from the national counterterrorism center and the fbi to the nypd peter bergen

also offers an inside look at the controversial tactics of the agencies tracking potential terrorists from infiltrating mosques to massive surveillance at the bias experienced by innocent observant muslims at the hands of law enforcement at the critics and defenders of u s policies on terrorism and at how social media has revolutionized terrorism lucid and rigorously researched united states of jihad is an essential new analysis of the americans who have embraced militant islam both here and abroad washington post notable non fiction books in 2016

United States of Jihad

2016-02-02

drawing on a rich legacy of pictorial evidence images of childhood examines historical constructions of childhood and how they reinforce or challenge the prevailing view of childhood as a state of innocence each chapter explores how visual elements such as framing points of view and lighting as well as clothes accessories and body language help to construct our many different conceptions of children from members of the family unit and assumed gender roles to schooling and aesthetic objects through to their economic value and use in political propaganda skillfully navigating a multitude of perspectives on this topic paul duncum considers both how our ideas beliefs and values have changed throughout history and how some have remained unchanged he also explores the cultural notion of the child within and how this has contributed to the way adults perceive children the result is a text far broader in scope than any other in its field as art history is interweaved with contemporary popular culture to explore how we visually represent childhood in doing so the book highlights the real life implications that these representations have on children s rights

Report on the Situation of Children and Women in Uganda

2005

bachelor thesis from the year 2017 in the subject english language and literature studies literature grade 2 0 university of paderborn language english abstract the foundation of the american dream is a set of values including freedom opportunity equality prosperity and success the credo that everybody can make it from rags to riches is strong among americans the citizens believe that everybody in their country is equal has the same opportunities and chances and can be successful in life as long as they work hard enough for that this belief got carried on through the centuries its tangibility proven by the few lucky ones who actually made it exploited by republicans for their campaign and after all has always been one of the cornerstones of the american culture unfortunately the american dream cannot be lived by every citizen of the states according to oxfam between one quarter and one third of the american civilization belong to the working poor a group of people that occupy jobs but do not earn enough money to live off many live beneath the poverty line even though they are employed in one or several jobs these people can be met everywhere working in restaurants supermarkets hotels daycares and private mansions to only mention a few when examining the states poverty rate there are severe differences between the ages gender and ethnical backgrounds of the people who are per definition poor the myth of equality has failed many people in the united states it still is a country driven by prejudices inequality and false hope many citizens legal and illegal do not benefit from the system exploding costs for health insurance and a decent education are only the tip of the iceberg a not so small part of america s population struggles to feed their families and to offer their children a future filled with chances better opportunities and improved living conditions escaping a social class is not easy overcoming prejudices as a member of an ethnic minority is hard and the fight to overcome the gender pay gap is not won yet people of a lower class the ones with a foreign heritage and certainly more men than women make up the biggest part of the working poor in the following chapters we will examine the large group of people who work hard and still live under the threshold of poverty we will analyze the reasons for their situation why certain groups are more likely to be stuck in low wage jobs how hard it is to achieve the american dream and the psychological consequences of a life spend stuck in a poorly paid job

Journal of the House of Representatives of the State of Michigan

1998

the bible teaches that the goal of the christian life is to become like jesus for our own personal growth and for the sake of others every believer needs to ask three big questions what do i believe what should i do and who am i becoming in think act be like jesus bestselling author and pastor randy frazee helps readers grasp the vision of the christian life and get started on the journey of discipleship after unfolding the revolutionary dream of jesus and showing how our lives fit into the big picture of what god is doing in the world frazee walks readers through thirty short chapters exploring the ten core beliefs ten core practices and ten core virtues that help disciples to think act and be more like jesus christ this compelling new book can be used in conjunction with the 30 week all church believe campaign or read separately as an individual study either way readers will deepen their understanding of what it means to not just know the story of god but to live it

Children in Andhra Pradesh, 2011

2011

published jointly by the united nations educational scientific and cultural organization unesco

O'Toole V. The Chicago Zoological Society

2014

indigenous peoples are diverse within and across nations however the indigenous peoples have experienced colonisation processes that have undermined indigenous young people s access to their identity language and culture at the same time indigenous children have not generally had access to the same quality of education that other children in their country have had access to these two forces in combination have undermined the educational opportunities and outcomes of successive generations of indigenous children and young people at times with catastrophic effect the six canadian provinces and territories that participated in this study along with new zealand and queensland australia are actively seeking to better meet the educational needs and aspirations of indigenous students and their families the report seeks to identify promising strategies policies programmes and practices that support improved learning outcomes for indigenous students and to build an empirical evidence base on indigenous students in education the study investigates four areas in indigenous education well being participation engagement and achievement in education these outcomes are inter connected and mutually reinforcing and each is essential for the success of every student

The social inequality in the Unites States of America and how President Donald Trump is going to handle this issue

2017-09-18

promising care how we can rescue health care by improving it collects 16 speeches given over a period of 10 years by donald m berwick an internationally acclaimed champion of health care improvement throughout the course of his long and storied career as a physician health care educator and policy expert leader of the institute for healthcare improvement ihi and administrator of the centers for medicare medicaid services these landmark speeches including all of berwick s speeches delivered at ihi s annual national forum on quality improvement in health care from 2003 to 2012 clearly show why our medical systems don t reliably contribute to our overall health as a remedy he offers a vision for making our systems better safer more effective more efficient and more humane each of berwick s compelling speeches is preceded by a brief commentary by a prominent figure in health care policy or politics who has a unique connection to that particular speech contributors include such notables as tom daschle paul batalden and lord nigel crisp their commentaries reflect on how it felt to hear the speech in the context in which it was delivered and assess its relevance in today s health care environment the introduction is by maureen bisognano ceo of institute for healthcare improvement and author of pursuing the triple aim praise for previous books by don berwick curing health care the book is an easy and affirming read for anyone who is familiar with and has used the tqm teachings of dr joseph m juran and dr w edwards deming and would be a simple and informative introduction to the concepts for anyone who has been hearing about tqm but has no idea what it is all about and wants to know more permanent fixes blog donald berwick is the most clearly heard evangelist of applying industrial methods of continuous quality improvement in health care annals of internal medicine escape fire with an effective blend of common sense real life stories persuasive metaphors and out of the box thinking dr berwick s presentations make for fascinating reading for anyone interested in improving america s 1 7 trillion health care system piper report anyone interested in change in the healthcare system would

enjoy this book in degree programs the various speeches would be useful for discussion in a health policy readings course the annals of pharmacotherapy

Think, Act, Be Like Jesus

2014-12-30
