gas prices back on the rise as most canadian vacationers
make Mar 11 2023

the price bump could up the cost of a summer road trip for the nearly 70 per cent of vacation planning canadians looking to travel domestically according to the data firm kalibrate the average cost per litre of regular fuel in cities nationwide increased 1 6 cents to 1 697 between may 16 and may 23 edmonton and calgary saw the biggest gains

domestic gas reservation policies are they a good thing or Feb 10 2023

the primary argument against a domestic reservation policy is that it acts as a tax on the export of gas that discourages development of new resources the lower rates of return arising from domestic gas policies will lead to reduced investments in gas resources and as a result a reduction rather than an increase in the total supply of

australian natural gas industry seeks policy repairs to boost Jan 09 2023

australia s natural gas industry executives are seeking more measures to restore an investment environment they say has been damaged by a series of state interventions to boost domestic supply and
